

YULIYA I'm doing very well. I'm very excited.

KLOCHAN:

INTERVIEWER: Are you excited, nervous?

YULIYA Yeah, I'm very excited. It's my first red carpet premier, which is what I think it is.

KLOCHAN:

INTERVIEWER: What was the hardest thing about this class?

YULIYA The beginning was difficult because there was a lot of work you had to do, and for me it kind of

KLOCHAN: made me realize what I know and don't know. So just getting rid of all the misconceptions I had about filmmaking, script writing, and all else was difficult.

INTERVIEWER: Do you feel like you want to keep doing this, or are you going to try to take the things in the class and apply it to non-video stuff?

YULIYA I'm definitely interested in educational resources. So video, I think, is one of the best mediums

KLOCHAN: to convey excitement about science and mathematics. So this is definitely something that will be important in life.

INTERVIEWER: [INAUDIBLE]. [LAUGHTER] How would you describe this class to someone who's never taken it before?

YULIYA You have a month to learn how to make an educational video, and then you get to write,

KLOCHAN: produce, direct, and create it all.

INTERVIEWER: Any words of advice for people who have never done it before?

YULIYA Don't think it's going to be easy. Just always think that it's going to be harder than you

KLOCHAN: expected. And put work into it.

INTERVIEWER: Thank you very much.

YULIYA Thank you.

KLOCHAN:
