Your answer

Last Name *

Your answer

In a few sentences, introduce yourself and explain what you are hoping to learn from this course. *

Your answer

Although this class doesn't have any pre-requesites, what strengths and skills do you feel that you are bringing to this course (e.g., design skills, coding, teaching experience)? *

Your answer

What prior experience, if any, with working in or studying education (e.g., teaching, previous MIT education courses)? *

Your answer

## What concerns, if any, do you have about this course? *

Your answer

## Which of the following aspects of the course are you most interested in? [Select up to 3]

- [ ] Learning more about designing technology for education settings
- [ ] Seeing examples of how technology can be used to improve learning in practice
- [ ] Learning about how technology can provide teachers with opportunities to practice skills
- [ ] Learning about how learning analytics can be used to improve teaching and learning
- [ ] Learning about how to make educational technology more accessible
- [ ] Learning more about the work of the Teaching Systems Lab
- [ ] Having an opportunity to quickly make things and try them out
- [ ] Getting quick feedback from other students about my work
- [ ] Working independently on my own projects
- [ ] Working with other students on shared projects
- [ ] Other:

Which of the following statements best describes your feelings about working with a partner? *

○ I prefer to work on projects with a partner and have the instructors assign partners

○ I prefer to work on projects with a partner and choose the partner myself

○ I prefer to work on projects by myself

○ I don't have a preference

○ Other:

Is there anyone in the class who you know you would want to work with on class projects [Please provide their name/s]

Your answer

Do you have any significant obligations that might make it difficult to schedule work with a partner (e.g., I have swim practice everyday from 9-11)

Your answer

How much experience do you have with the following programming languages? *

|  | None | A little | A moderate amount | A lot |
|---|---|---|---|---|
| Python | ○ | ○ | ○ | ○ |
| R | ○ | ○ | ○ | ○ |
| Javascript | ○ | ○ | ○ | ○ |

## What other programming languages do you have experience with?
