

**Assignment: Final Report**

**Due date: Lecture 12**

The final report demonstrates your understanding of the use of real options in real estate and infrastructure development.

Its presentation allows us all to learn from your work on your case studies.

The Final Report consists of

- Written team and individual reports
- An oral report with slide show.

Written Report: As for draft final assignment.

Oral Report: Each team should prepare an oral report with about 20 slides suitable for a 20 minute presentation to be made in class.
